HIA NSW EVENTS Overview

2009

IN-SITE NIGHTS

In-Site into local industry trends

In-Site into the latest products

In-Site into saving time and money

The HIA Industry In-Site Nights are designed to keep our members informed and up to date on all the important issues which affect your business on a daily basis.

OUTLOOK BREAKFASTS

The HIA Industry Outlook Breakfasts are highly informative and provide you with current economic and industry information. The HIA economic experts and associated high profile speakers ensure that you are informed of special developments and are provided with timely, personal economic forecasts.

GOLF DAYS

The HIA Golf Days provide the perfect networking opportunity for members and suppliers to enjoy a relaxing day on a great course with the opportunity to win fabulous prizes.

BUILDING & BUSINESS

HIA stages *Building and Business* alongside the HIA Sydney Home Show.

Building & Business is a two day, highly interactive business program designed particularly for the family owned and operated business. The practical sessions are aimed at addressing issues that affect our members and the housing industry at large.

AWARD NIGHTS

The HIA Award Nights recognise and showcase excellence in the fields of design, construction, workmanship, consumer desirability and investments in the future.

The *Apprenticeship Awards* encourage all apprentices in the HIA Apprenticeship Scheme to strive for excellence in their chosen arena. The awards recognise quality workmanship and a commitment to their industry.

Now in its 39th year the *HIA CSR NSW Housing Awards* are considered the highest profile awards program for the new home building and renovation industries in NSW. These prestigious awards acknowledge quality, construction, design, innovation and excellence of HIA members.

Included in the Housing Awards are the *Kitchen & Bathroom Awards* which acknowledge the talent of kitchen and bathroom designers, manufacturers and installers to plan safe, functional, personalised and imaginative spaces.
