# INFORMATION SHEET

## HOSTS WANTED FOR APPRENTICES NOW

We have interviewed dozens of excellent apprentices ready to go.

If you are a builder/carpenter, please consider the hidden benefits of using HIA to run your apprentice. **We remove the risk of dealing with injury and Work Cover exposure.**

Builders who take on apprentices directly think that they do not pay Worker's Compensation Insurance on apprentices. That is partly correct, but once they have an injury claim then the insurance company will raise their premiums to recover the amount spent on the claim.

Also if a new apprentice starting a CERT III is allocated to a host trainer now he will get a priority placement in TAFE and his fees will be about \$300 less than an apprentice without a host trainer.

For more information call HIA Apprentices on 9978 3333.
